SPRING ENROLLMENT

1994-1995 Academic Year, Issue 4

The Office of Institutional Research has recently completed research on students enrolled for the Spring 1995 semester at the Daytona Beach and Prescott campuses. Overall figures for unduplicated headcount (each student counted once, regardless if they are currently enrolled in both an undergraduate and graduate program) have been calculated and are presented in this fact sheet. Demographic and academic information were compiled for the overall group of 4989 undergraduate and 234 graduate students. While enrollments for graduate students (Daytona Beach only) showed an increase of 18.8% from Spring 1994 undergraduate enrollments from Daytona Beach and Prescott decreased by 3.8% and 4.1%, respectively.

The table below depicts the undergraduate students for Daytona Beach (3692) and Prescott (1297) campuses enrolled for the Spring 1995 semester including students enrolled in the Embry-Riddle Language Institute. Students who are enrolled for at least 12 credit hours are classified as full-time (F/T) and those who are enrolled for less than 12 credit hours are classified as part-time (P/T). The full-time equivalent (FTE) is calculated as the total number of full-time students plus the total number of credit hours taken by part-time students divided by 12. This calculation is represented as follows:

$$\text{UNDERGRADUATE FTE} = \# \text{ of full-time students} + \frac{\# \text{ credit hours of part-time}}{12}$$
