Program Profile BS Aviation Management

Prepared by:

Kimberly Brantley
Office of Institutional Research
June 2007

This Program Profile contains Employer Feedback Survey results for this degree program only, for the Classes of 2001, 2002, 2003 & 2004. Almost every question from the instrument is included. Some of the skill verbiage required abbreviation in order to fit in the tables; please refer to the survey instrument if clarification is needed. Employer comments for 'strengths' and 'weaknesses' of the degree program have been included.

In an effort to correct for disproportionate response rates and adjust the respondent profile so that it was representative of the target population, the data were weighted by gender, campus, program, and year of graduation. Percentages in the data tables represent the weighted result (the number of respondents has been left unweighted, however). Please use caution when interpreting results for programs with a small number of respondents; results based on very few respondents may not be representative. Programs for which there were fewer than three respondents are excluded.

Comments from the question "Considering this ERAU graduate, what strengths do you perceive in his/her degree program?" - Daytona Beach

Class of 2001

I don't know any strengths or weaknesses tthat I could directly attribut to his degree program. Most of (Name omitted) strengths are unique to his personality and people skills.

Class of 2003

Fairly good basic understanding - although there is not a great deal of knowledge specific to airport operations duties. I do, however, also find this from other institutions.

Good verbal skills
