

*Institutional Research***SUMMER A ENROLLMENT****1994-1995 Academic Year, Issue 5**

The Office of Institutional Research has recently completed research on students enrolled for the Summer A 1995 semester at the Daytona Beach and Prescott campuses. Overall figures for unduplicated headcount (each student counted once, regardless if they are currently enrolled in both an undergraduate and graduate program) have been calculated and are presented in this fact sheet. Demographic and academic information were compiled for the overall group of 1811 undergraduate and 101 graduate students. While enrollments for graduate students (Daytona Beach only) showed an increase of 44.3% from Summer A 1994, undergraduate enrollments increased for students from Daytona Beach and Prescott by 1.7% and 4.2%, respectively.

The table below depicts the undergraduate students for Daytona Beach (1390) and Prescott (421) campuses enrolled for the Summer A 1995 semester. Students who are enrolled for at least 6 credit hours are classified as full-time (F/T) and those who are enrolled for less than 6 credit hours are classified as part-time (P/T). The full-time equivalent (FTE) is calculated as the total number of full-time students plus the total number of credit hours taken by part-time students divided by 6. This calculation is represented as follows:

$$\text{UNDERGRADUATE FTE} = \# \text{ of full-time students} + \frac{\# \text{ credit hours of part-time}}{6}$$
