FALL ENROLLMENT

1992-1993 Academic Year, Issue 2

The Office of Institutional Research and Effectiveness has recently completed research on students enrolled for the Fall 1992 semester at the Daytona Beach and Prescott campuses. Overall figures for unduplicated headcount (each student counted once, regardless if they are currently enrolled in both an undergraduate and graduate program) have been calculated and are presented in this fact sheet. Demographic and academic information were compiled for the overall group of 5850 undergraduate and 167 graduate students.

The table below depicts the undergraduate students for Daytona Beach (4341) and Prescott (1509) campuses enrolled for the Fall 1992 semester. Students who are enrolled for at least 12 credit hours are classified as full-time (F/T) and those who are enrolled for less than 12 credit hours are classified as part-time (P/T). The full-time equivalent (FTE) is calculated as the total number of full-time students plus the total number of credit hours taken by part-time students divided by 12. This calculation is represented as follows:

$$\text{UNDERGRADUATE FTE} = \frac{\# \text{ of full-time students} + \frac{\# \text{ credit hours of part-time}}{12}}$$

167 graduate students were enrolled for the Fall 1992 semester at Daytona Beach. Students who are enrolled for at least 9 credit hours are classified as full-time (F/T) and those who are enrolled for less than 9 credit hours are classified as part-time (P/T). The full-time equivalent (FTE) is calculated as the total number of full-time students plus the total number of credit hours taken by part-time students divided by 9. This calculation is represented as follows:

$$\text{GRADUATE FTE} = \# \text{ of full-time students} + \frac{\# \text{ credit hours of part-time}}{9}$$

Of the 5850 undergraduates, 1424 are new matriculants this fall. The remaining tables display these new matriculants by admission status, gender & ethnicity, and major. (note: The FTE is calculated using the undergraduate FTE formula.)
