EMPLOYER FEEDBACK SURVEY

APPENDIX E1

Major Profile
A Aviation Maintenance Technology

**Employers of the Class of 2000 Graduates
One and One Half Years After Receiving Their ERAU Degree**

Prepared by:

Tara Battistoni
Office of Institutional Research
October 2002

This major profile contains Employer Feedback Survey results for this degree program only, for the current year and the last three years combined. The combined data may be especially useful to programs that have a small number of respondents for the class of 2000. Almost every question from the instrument is included. In order to conserve space, the following abbreviations for each of the campuses are used: DB (Daytona Beach Campus), PC (Prescott Campus), EC (Extended Campus), and ALL (all campuses combined).

Percentages in the data tables have been weighted to ensure representation of all graduates from each class, however the number of responses has been left unweighted. Please use caution when interpreting results for degree programs with a small number of respondents. Results based on very few respondents may not be representative and/or are prone to fluctuation.

Employer comments have been provided to the Chancellors at each campus for distribution to individual departments and degree programs.
